

## How to Access your Final Grades on CheckMarq:

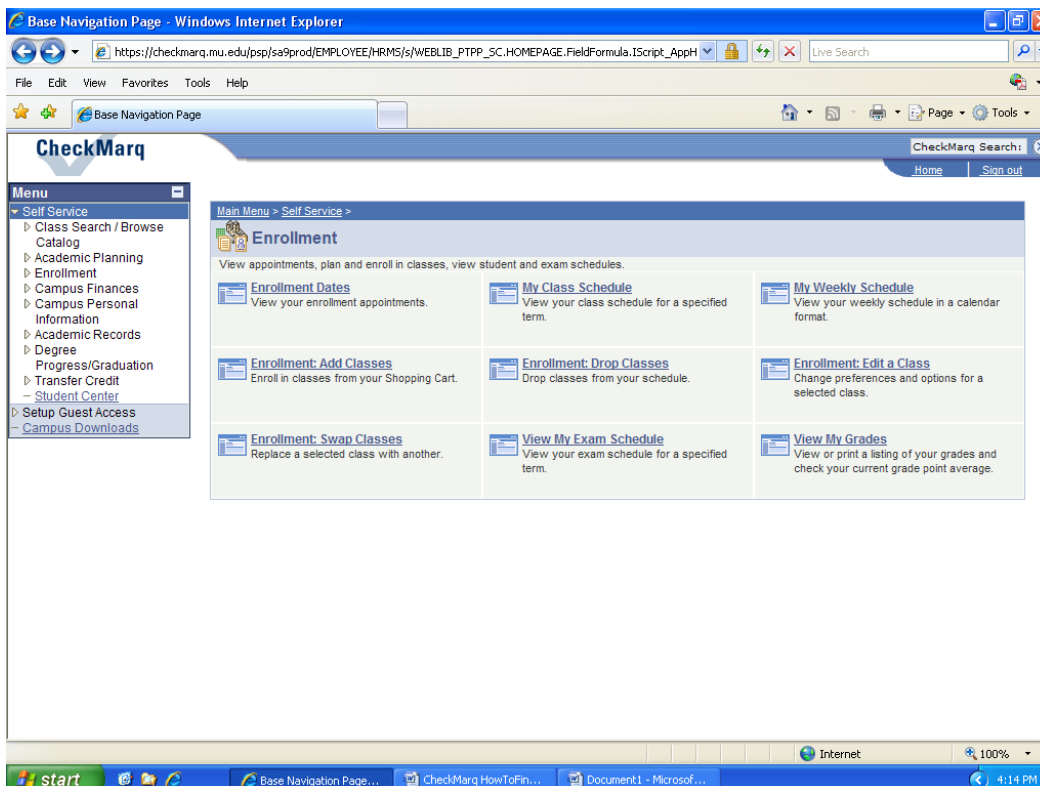

Access Marquette’s CheckMarq page by entering the website: <https://checkmarq.marquette.edu> , and enter your Marquette username (NOT your email address) and password. Click “Login”.

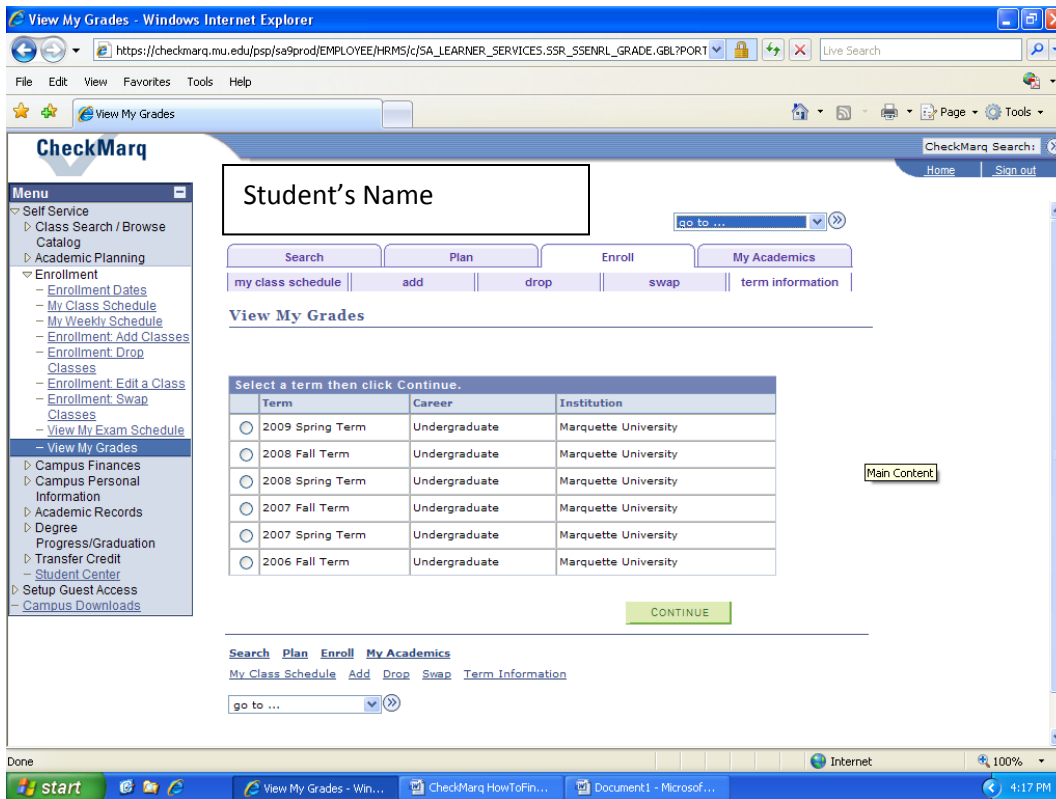

After logging in, you will automatically be taken to your CheckMarq homepage, which looks like this. In order to enroll in classes, click the “Self Service” link located in the menu in the top left corner.

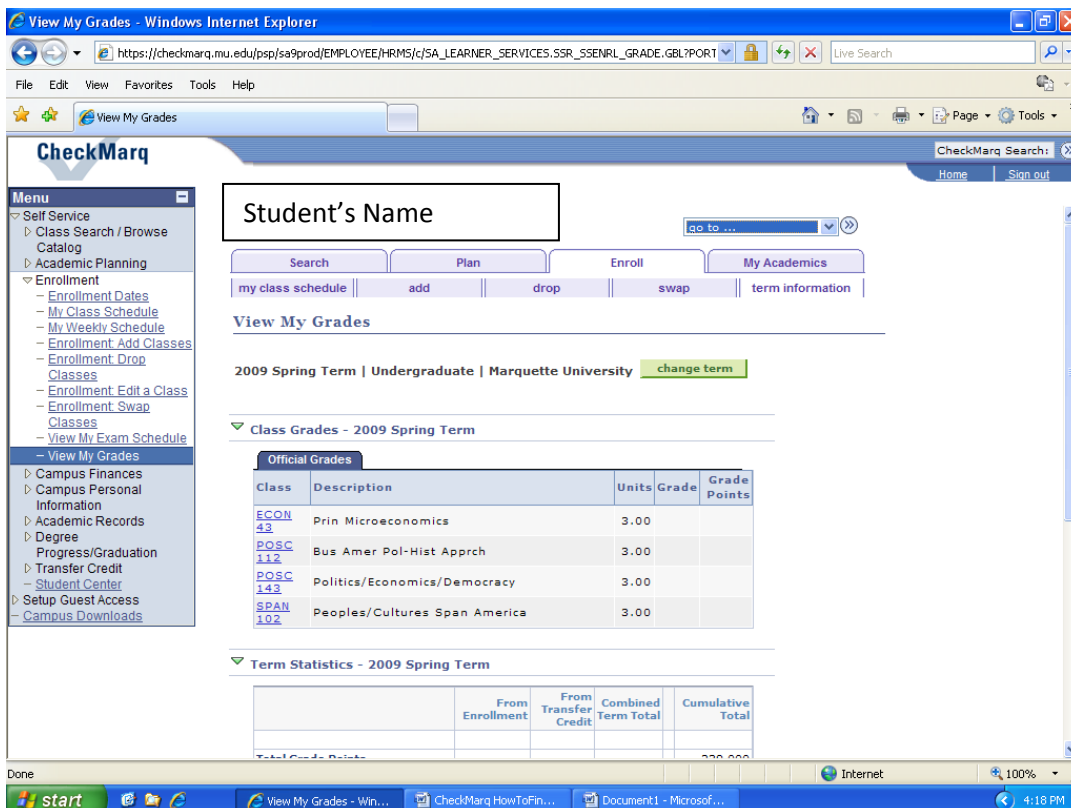

On the Base Navigation page, click on the “Enrollment” link.

You will be brought to this page. Select the “View my Grades” link.

You will be taken to a screen that lists the terms during which you have been registered at Marquette. Select a term, and click the green “Continue” button, in the bottom right hand corner.

You will be taken to this page, which will list all of your classes for the term you have chosen, as well as the grade you received and the grade points. Note that no grades are listed for this student, as the semester has not yet been completed and no final grades have been entered.
