INTE 6000– Information Technology Foundation Waiver Exam

The following general topic areas are covered in INTE 6000:
- IT and Business/Strategy
- Hardware
- Software
- Supply Chain Management
- ERP
- E-Commerce
- Systems development life cycle
- Business processes
- Database design
- Database management
- Business analytics
- Data visualization

The intent of the exam is to validate a broad base of IT knowledge learned through experience. Textbooks are a reference only and not intended to replace classroom and experiential IT learning. You can consult any recent introductory IT/MIS textbook but the topics may vary from what is covered in INTE 6000 and on the exam.

Some suggested texts are:
Contact Ivor Addo for IT content information and to set up an appointment to take the exam. It is a mix of multiple choice, short answer, and modeling questions and takes about two hours to complete.
